### ***To whom-so-ever it may concern***

We herewith confirm that products mentioned in ANNEXURE-1, meet the requirements of ‘**H&M Chemical Restrictions, Manufacturing Restricted Substance List (MRSL) dt May 2016 and RSL Jan 2017**’ provided appropriate application and consideration of our recommendations are followed. As a supplier, we cannot guarantee parameters, which depend on pre-treatment, dyeing and post-treatment processes.

We do not intentionally introduce at any stage of the manufacture of the products “deliberately utilised during the manufacture of the components and/or for the formulation of a material or component where its continued presence is desired in the final product to provide a specific property, appearance or quality but will be within the permissible limits conforming to H&M chemical restrictions.”

The above information is supplied on our general experience and good faith, and because of many factors beyond knowledge and control may affect the use of products, the products are not tested for all the above parameters. These data do not relieve processors of the responsibility of carrying out their own tests and experiments; neither do they imply any legally binding assurance of certain properties or of suitability for a specific purpose. It is the responsibility of those whom we supply our products to ensure that any proprietary rights and existing laws and legislation are observed.
